1. Intent of the Request for Proposal (RFP):

The purpose of this solicitation is to obtain a qualified consulting firm/consultant specializing in Gender & Women Empowerment issues. This consultant/firm will deliver training to the winner organizations and to beneficiaries MSME's throughout capacity building, technical assistance, and including specific actions in the implementation plan of winners to ensure that this topic is included as a core part of the program. WEC will choose one firm/consultant that will best fulfill the objectives laid out in the request based on their technical approach, qualifications, past performance and cost proposal. This addresses Objective 1 & Objective 2 of the grant (see Appendix A).

Applicants from the Latin America and Caribbean that are proficient in both English and Spanish are strongly recommended to apply.

2. Background

The World Environment Center (WEC) and its partners Nucleo de Biotecnologia de Curauma (NBC) and Baastel will support the expansion of the La Red de Innovacion e Impacto (La RED) network through a new Empower Innovation Challenge (EIC) in the Latin-American and Caribbean (LAC) region.

The Empower Innovation Challenge aims to develop a technically-sound training curriculum focused on democracy elements to empower women-owned micro, small, and medium-sized enterprises (MSMEs) to scale up their businesses through a series of small grants focused on local solutions in green and blue economies to provide training, access to capital, networking, and partnership opportunities with local and international businesses.

The consultant will work to ensure that women-led MSMEs possess the knowledge, skills, and attitudes to promote gender quality and female empowerment. It will be responsible for developing a capacity-building toolkit, conducting training sessions (in-person and/or online webinars), and providing technical assistance to include key topics in the Implementation Plan of women-owned MSMEs across the EIC Challenge. The consultant will be under the overall supervision of the Technical Director. They would be liaise with the Program Manager & the Gender Specialist & Grants Coordinator.
